

# ABOUT THE COVID-19 VACCINE

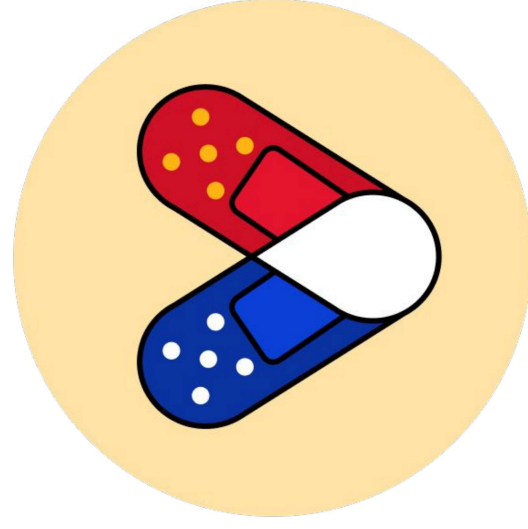

The COVID-19 vaccines are safe for us to take and highly effective at stopping us from getting COVID-19

Some people may experience side effects such as sore arm, headache, chills, or low fever after getting the COVID-19 vaccine

Minnesotans 12 years of age and older can find a vaccine appointment through local pharmacies and clinics, or attend a community vaccination site. If you have questions, you can call **1-833-431-2053**

The vaccine is free for everyone. The provider may ask for your insurance card, but you can still get vaccinated even if you don't have insurance.
